Esoft Metro Campus, Kiribathgoda (2016 – 2017)

EMPLOYMENT

TEKNOLOGY SHARED SERVICES PVT LTD, RAJAGIRIYA

Executive Inventory (Oct 2023 – Current)

Inventory Data Analysis: Provided real-time updates on inventory status, enabling the planning team to align production schedules and improve order placement accuracy.

Data Visualization & Reporting: Utilized Power BI and Pivot Charts to create dynamic reports, offering in-depth insights to USA-based management and supporting data-driven purchasing decisions.

Shipment Performance Analysis: Analysed shipment data to evaluate delivery performance, identify potential delays, and support timely and efficient order processing.

BRANDIX FAST FASHION, WELISARA

Procurement Merchandiser – 1-Year Contract (Jul 2022 – Sep 2023)

Leveraged ERP systems to manage procurement records, track inventory, and support data-driven production processes.

Analysed stock trends to optimize purchasing decisions and resolve supplier issues, ensuring operational continuity and timely deliveries.

ISABELLA PVT LTD, KATUNAYAKE

Junior Planning Executive (Aug 2021 – Jul 2022)

Conducted data-driven analysis of production schedules using ERP system data to align operations with business goals and resolve bottlenecks.

Provided performance insights to stakeholders, supporting decision-making and enhancing production efficiency.
